## **Description:**

Tacusil™ S20003 is a general purpose paint and gasket remover. Its special formulation clings to surface's and penetrates to lift off and strip a range of gasket materials in addition to paint, varnish, shellac , decals and adhesives

## **Features:**

- ✧ Foam Penetrating action - easily lift up gasket paint and other coatings
- ✧ Non corrosive - contains no acid that would attack steel, aluminum and other surfaces
- ✧ Efficient - thick coatings can be removed in one application
- ✧ Easy application - simply spray onto the surface and allow it to react
- ✧ General Purpose - Use for a wide range of materials and coatings

## **Specifications:**

Viscosity.....100-140 cps  
Approvals .....MIL-R-25134B

## **User Guide:**

- ✧ Not recommended for linoleum, fiberglass, plastic or other synthetic materials.
- ✧ Spray S20003 10-15 cm from the substrate surface, soak for several minutes. When the paint/coating starts to peel and peel off, rinse with a high pressure water gun. To re-paint, first clean the surface with solvent.
- ✧ When removing epoxy, polyester or urethane coating, use the product several times and prolong the soaking time.
